Price (inc VAT)	£4895	£4940	£4820	£4910	£5015	£5880	£6715
Weight	18kg	21kg	20kg	22kg	30kg	34kg	36kg

All weights are approximate. They are based on the model's standard fit out, including hatch covers (as we don't expect you to leave them behind). The weights don't include optional upgrades and be aware that some colours can be heavier than others.

CHOOSE YOUR CONSTRUCTION

No. 1

Glass Fibre Expedition

Our non-nonsense classic glassfibre and Diolen construction, using a combination of chopped strand matt, roving, core stiffening, and Diolen. This makes a tough and economically priced kayak. Seamed inside and out for extra strength and durability.

Lightweight

Impact resistance

Abrasion resistance*

Stiffness

Cost

No. 1i

Glass Diolen infusion

A tough vacuum infused construction. Generously reinforced with glass fibre, Diolen and PET fibres this boat is stiff all over so is a real workhorse and easy to look after. The no.1i is only available on our latest models due to the advanced nature of this construction.

Lightweight

Impact resistance

Abrasion resistance*

No. 14

Carbon/Kevlar Elite Light-weight

A custom vac bag construction for the ultimate light and stiff sea kayak - unlike any other. This complex, no-compromise build blends performance carbon/Kevlar fibres, carbon and glass cloth, heat cured epoxy resin with an resilient core for maximum stiffness.

Lightweight**

Impact resistance

Abrasion resistance*

Stiffness

Cost

* The abrasion resistance rating can be increased by 1-2 points with the addition of a keel strip.

** Extra weight savings are available on this construction if required at the expense of one point impact and abrasion resistance.

UPGRADES & CUSTOMISATION

Custom bulkhead position	£167	Maximise storage or adjust the forward bulkhead to suit your leg length.
Sail, mast foot tube	£130	Opt for our though-deck mounting point if you want to use a custom sailing rig.
Flash / Design (price from)	£132	Stripes, dots glitter or logos. If you want a unique look get in touch for a quote.
Day hatch/knee tube (each)	£133	Need extra storage? We'll install additional 'sweetie' hatches forward of the cockpit.
Compass, fitted	£176	For easy navigation, we'll install a compass on the front deck. Modell and styles vary.
Keelstrip, Internal	£165	A streamlined alternative to the traditional keel strip, extra wear layers under the gel.
Keelstrip, External	£165	A sacrificial hull-coloured reinforced keelstrip along the length of the hull.
Skeg instead of rudder	£free	Prefer the simplicity of a sprung skeg? We'll fit one with glassed-in foot pegs.
Custom additional skeg	£202	Need more control of your kayak? We can customise the skeg fit-out.
No.11 Natural hull finish	£150	Show off the exotic weave for a premium look. No.11 construction only.
